Single Item Measure

Question 32

Survey respondents were asked:

“In the last 6 months, have any of your child’s doctors or other health providers talked with you about skills you need to take care of your child?”

Note:

This question was answered by people who indicated they had taken their child to a doctor’s office or clinic in the first 6 months of 1998.

Q32 Doctors talked with parents about skills needed to take care of child (N=440)

FFS Children

Single Item Measure

Question 33

Survey respondents were asked:

“In the last 6 months, have any of your child’s doctors or other health providers given you reassurance about the care you are providing for your child?”

Note:

This question was answered by people who indicated they had taken their child to a doctor’s office or clinic in the first 6 months of 1998.

Q33 Doctors gave parents reassurance about child care (N=435)

FFS Children

Single Item Measure

Question 35

Survey respondents were asked:

“In the last 6 months, how often were you involved as much as you wanted in the decisions about your child’s health care?”

Note:

This question was answered by people who indicated they made decisions about their child’s health care in the first 6 months of 1998.

Q35 Involved as much as wanted in child’s health care decisions (N=277)

FFS Children

Single Item Measure

Question 39

Survey respondents were asked:

“In the last 6 months, how much of a problem, if any, was it to get the physical, occupational, or speech therapy your child needed?”

Note:

This question was answered by people who indicated their child needed physical, occupational, or speech therapy in the first 6 months of 1998.

Q39 Problems getting physical, occupational, or speech therapy (N=206)

FFS Children

Single Item Measure

Question 42

Survey respondents were asked:

“In the last 6 months, how much of a problem, if any, was it to get the treatment or counseling your child needed?”

Note:

This question was answered by people who indicated their child had had treatment or counseling for an emotional developmental or behavior difficulty in the first 6 months of 1998.

Q42 Problems getting treatment or counseling (N=235)

FFS Children

Single Item Measure

Question 48

Survey respondents were asked:

“Did you get an appointment for your child’s first visit to a doctor or other health provider for a check-up, or for shots or drops, as soon as you wanted?”

Note:

This question was answered by people whose children were two year old or younger and had gone to a doctor for a check.

Q48 Getting appointment for child's first check-up (N=186)
